Gentlemen:

Thank you for your contribution of food for our Food Basket Program. The need for canned food, dry food, toiletries and paper products is an ongoing one. Any help your group can give is very much appreciated.

Our Food Baskets are currently being delivered to 30 families who are directly affected by HIV disease. The Food Baskets are delivered on the third Saturday of each month, so your current donations will reach our clients within the week.

On behalf of those who will receive your help, I thank you again for your generosity. I assure you that your donations will be gratefully put to use by those most in need.

Sincerely,

George E. Honn, Coordinator
Practical Support Program
